YOUNG MAN IS SERIOUSLY SHOT

Dink Evans, Son of Geo. Evans, in Hospital From Pistol Wound.

Dink Evans, son of George Evans, was seriously shot last Monday by John Adair, at the home of the latter, and is now in a serious condition at a Nashville hospital.

There are conflicting reports as to the causes leading up to the shooting, and we are unable to state accurately in detail as to its beginning. But it is alleged that Evans had a shotgun and that Adair shot him with a pistol from inside his house, firing through a window.

Upon being shot Evans made his way to a field where a man was picking cotton, and he was picked up and brought to town by Joe Terrett and others to Dr. Curdin's office for first aid treatment. The bullet was extracted and Evans was taken to the home of his sister, Mrs. Maxie Cutcheon. Complications began to develop Tuesday and on that afternoon the wounded man was taken to Nashville, where he was placed in a hospital. Hospital physicians found, so word from there says, that the bullet had ranged inside the ribs and touched part of the left lung, and there a formation of pus was indicated. This adds seriousness to his condition, but it is thought that, barring pneumonia, he stands a chance for recovery.

DEATH OF BABY.

Elias Herbert Ferreyra, aged about 14 months, died September 9, at the home of his parents at Moscow. The funeral was held at the Methodist Church Monday at 12 o'clock, followed by interment at Oakwood Cemetery. Services were conducted by Rev. Baker of Cayce and Rev. Carl. He was a bright, likable little fellow and will be sadly missed, not only by the parents, but by all who knew him. The community unites in condolences to the bereaved family.

Mrs. Harry Johnson left the first of the week for Lexington to join her husband who has secured a position there. Mrs. Johnson will probably reenter the State University for another year, having attended that institution for three years, this will enable her to get her degree.

Hugh Swayne left Monday for Lexington to attend school this year. He drove through by auto to Louisville, going from there to Lexington by rail.

The Hunziker Concert Band resumed rehearsals Tuesday night. The boys are "getting their lips" back and soon will be ready for whatever turns up.

Neville Roney left the last of the week for Starkville, Miss., where he will enter the Mississippi A. and M. College. He will take a course in agriculture.

Mr. and Mrs. R. Y. McConnell, Miss Clara McConnell and Mr. and Mrs. W. T. Bondurant attended services at Cayce Sunday afternoon.

Mr. and Mrs. L. P. Ellison, Mrs. S. W. Lutten and daughter, Miss Inez, and Mrs. Chas. Travis motored to Clinton Sunday.

Elbert R. Mills left Sunday night for Lexington, where he will resume his studies at the State University.

Mrs. Edward Prather returned Saturday from an extended visit with her mother in Colorado.

Miss Virginia Seay left the first of the week for Lexington, where she will attend the State University this year.

Miss Alice Sowell and brother Thelbert of Mount Zion were here Saturday.

CIRCUIT COURT IN SESSION HERE

Many Cases Disposed of During First Three Days.

The September term of Fulton Circuit Court convened Monday with Judge Will Hester on the bench and Hon. Flavious B. Martin representing the Commonwealth.

Several cases have been disposed of so far and several more will be tried during the remainder of the week.

Below is a list of cases which have come before the court:

Commonwealth vs. Tom Coleman was continued until the January term of court.

Commonwealth vs. Archie Reed, who was charged with stealing chickens, was reduced to trespass and defendant sentenced to three months in county jail.

Commonwealth vs. Oscar Bradley, in which defendant was charged with violating the liquor law was tried Monday by a jury and a verdict finding him guilty and fixing his punishment at a fine of \$50 and 30 days in jail was returned.

Commonwealth vs. Charley Frost, fined \$10 for breach of peace and \$1 for obstructing justice.

Commonwealth vs. C. A. Trusty, fined \$20 for breach of the peace.

Commonwealth vs. Harry Lee Watson, continued to January term.

Commonwealth vs. Emmett Owens, et al, was continued until January term of court.

Commonwealth vs. Wes Lassiter and Ben Carter, fined \$150 and sentenced to 30 days in jail for violation of liquor laws.

Commonwealth vs. Clay Crews, fined \$100 and 30 days in jail.

Commonwealth vs. Veeeton Myatt, fined \$150 and 30 days in jail.

Commonwealth vs. Geo. Evans, was continued until the January term of court.

Commonwealth vs. Johnnie Barnett, charged with malicious cutting, was fined \$50 and on the charge of disturbing lawful assembly he was fined \$20.

Commonwealth vs. John Murry, who was charged with obstructing justice, was fined \$10 and also fined \$10 for contempt of court.

Commonwealth vs. Charley Ferguson, failed to plead and fined \$10 for breach of the peace.

Grand Jury.

A. A. Faris, C. L. Shaw, W. M. Everett, John Choate, E. A. Henson, N. Bradford, R. C. Royner, Martin Bondurant, A. K. McMurry, C. L. Clark, foreman.

Petit Jury.

Walter Crostie, Jess Scott, Roscoe Stone, F. L. Gammons, E. A. Mayfield, C. A. Wilson, Chas. Roper, H. L. Williams, J. T. Pendleton, J. A. Lattus, F. P. Henry, A. Owens, Almus Wall, Rodney Jones, Chas. Noonon, S. N. Sweeney, Till Harrison, Thad Verhines, John Roper, Ernest Treas, J. R. Lunsford, Vernon Jones, T. C. Kelly, J. M. Lynn, Harry Sublett, Elmo McClellan, O. C. De Hart, W. A. Nipp, Henry Sanger.

On motion of E. J. Stahr, Miss Larue Townsend was appointed County Examiner for Fulton County for a period of four years.

Miss Mary Everett was on motion of B. T. Davis appointed County Examiner for Fulton County for four years.

Motion for change of venue in case of Commonwealth vs. Will Whitson, charged with murder, was heard Tuesday and overruled. The case is set for trial today.

Miss Mary Hollan was appointed Grand Jury Stenographer for Fulton County and was sworn in as such officer and is now engaged in taking evidence of witnesses before the grand jury. This is a new office, created by the last legislature and should expedite the grand jury work. Miss Hollan is eminently qualified to fill this new office.

R. A. M. ELECTION.

At their meeting Monday night Hickman Chapter No. 49, Royal Arch Masons elected the following officers for the ensuing year:

High Priest--Austin Voorhees.

King--Dr. J. M. Hubbard.

Scribe--E. A. Hammond.

Captain of Host--E. Dobson.

P. S.--T. A. Stark.

R. A. C.--A. Minetree.

M. 3rd V.--Gordon Stokes.

M. 2 V.--W. K. Felix.

M. 1 V.--Harry Barrett.

Secretary--Will Caldwell.

Treasurer--W. F. Montgomery.

Tiler--Will L. Busby.

AUTO STRIKES BUGGY.

Mrs. C. T. Rutter and two little daughters had a narrow escape Sunday when their buggy was struck by an automobile driven by Bud Chambers, hurling Mrs. Rutter over the dashboard and under the horse's feet. She struck the back of her head in falling, also received a slight temple wound and was bruised from head to foot, suffering two broken ribs. She was unconscious for two hours or more. One of the little girls grabbed the other as she was pitched forward and, no doubt, saved her from serious injury, the little girls receiving only slight bruises. Mrs. Rutter and children were returning home from church.

VOTE ON ISSUING \$100,000 BONDS

Question Will be Put up to Voters on General Election Day.

At its meeting on September 16, the Fulton County Court made an order for an election to issue bonds to the amount of \$100,000.00 for the purpose of funding that amount of indebtedness outstanding against the County, represented by warrants issued by the County Court.

The election will be held on the date of the general Congressional election, November 7, with the same polling officers, etc. A ballot will be furnished all legal voters with the question and they can answer yes or no.

No doubt the question will become debatable to a more or less extent. The proponents point out the advantages of the County securing the money and going on a cash basis, not the least of which is the ability of men who are owed by the county, and who need the money, getting their remuneration in cash immediately. Heretofore, as is well known, they have had to dispose of their warrants at a discount or hold them until, by rotation or priority, their claims are met.

Of course these warrants drew interest, but it is figured by many that the interest may as well be paid on borrowed money and give cash to those owed by the County as to make them wait for the money and pay interest then. Another thing is that by paying the cash the County will save considerable money. People are not willing to work for the County and wait two or three or four years for the money. So naturally a little extra is charged the county so the holders of warrants can afford to discount them and then get what is coming to them.

There is very little question as to whether or not the issue will carry. Most everyone holding a warrant will vote in favor of it and no doubt, there are enough such people in the county to easily carry it.

TO BUILD POWER LINE FROM FULTON

Meaning of Purchase of Franchise to Erect Poles and Wires.

Elsewhere in this paper will be found a notice of sale of franchise to erect and maintain a power line along the highways from Hickman to Fulton. This is the initial step in discontinuing the local power plant inasmuch as it supplies light and power.

It is said the Fulton plant, also owned by the Kentucky Light & Power Co., has been making improvements, enlarging, etc., and installing new machinery to be better enabled to furnish the extra "juice" they will be called on to deliver when the present plans eventuate. The length of time necessary to make the pending change--in case con-jectures as to the company's plans are correct--is problematical, but it is not thought it will be long.

Whatever disadvantage the closing of the plant here may mean will, it is predicted, be more than offset by a general reduction in rates made possible by the consolidation.

The water plant and ice factory will not be affected by the contemplated change in arrangements.

MISSIONARY SOCIETY.

The Methodist Missionary Society met with Mrs. Tucker last Monday. There was a good attendance and much interest shown in the open discussion, "Using the Bible for Myself" and "Prayer", with Miss Clara McConnell leader. The society meets next Monday with Mrs. Tucker at 3 o'clock. This is the regular monthly Bible study. Subject: "Malachi." Please bring your Bible.

SHOP STRIKE BREAKING UP

Striking shopmen all over the county are returning to work, making separate peace with many roads. A large number of railroads, however, like the N. C. & St. L. and the I. C., claim that, as far as they are concerned, the strike has been over some time, claiming they have a full complement of men and will take strikers back only as individuals.

Strauther Leech is at home after working quite a while at the Kentucky Light & Power Co. plant at Madisonville.

SOLDIER BONUS VETOED.

The soldier bonus bill recently passed by Congress has been vetoed by President Harding. The president stated in giving his reasons for the action that, while he subscribed to the purposes of the bill, he objected to its provisions. The provisions were pretty much of a lodge-podge anyway, and passed by Congress merely as a vote getter.

William J. Cook, Jr., left Sunday for Lexington, Ky., where he will enter the State University. He will probably lay the foundation for a pedagogic career.

SATURDAY A BIG COTTON DAY IN HICKMAN

Last Saturday was a big cotton day in Hickman. There were so many loads the gins had all they could do to handle them. In all 180 loads were brought to the gins, C. T. Bondurant getting 70; Planters Gin 65, and the Lake County Manufacturing Co., 45.
At the average price of 7 cents a pound, this means that about \$22,640.00 was paid out for cotton here Saturday.

SAVED LIFE OF Mrs. HARDING

Brig. Gen. C. E. Sawyer, personal physician to President and Mrs. Harding, and Dr. Charles Mayo, prominent surgeon of Minnesota, photographed as they left the White House after ministering to Mrs. Harding during her serious illness.

One of the prettiest and most delightful affairs of the summer was the tea given on Monday afternoon from three to five by Miss Mildred Ramage and Mrs. E. D. Johnson, at the home of the latter. The living room, library and dining room were all thrown open and very attractive in masses of pink and white roses everywhere, with ferns and wild flowers in every nook. The shades were drawn and the electric lights softened. As the guests arrived they were received by Mrs. Johnson and Miss Ramage, and in the sitting room they were assisted by Mrs. Jessie Dillon and Mrs. C. D. Nugent. In the library there were three tables for serving and in the dining room five tables, all having a centerpiece of lovely roses. Mrs. C. W. Curlier and Mrs. Henry Sanger invited the guests into the library and dining room for refreshments, which were served by Mrs. J. Mack Reid, Mrs. Adrian Minstree, Miss Lottie Hampton, Mrs. R. L. Bradley and Miss Pearl Williams, assisted by Mrs. B. J. Hertwick and Mrs. George Coon. A delightful course, consisting of salad, sandwiches and tea was served. There were about one hundred and sixty guests in attendance.

When King George Ate Kentucky Ham

A short time before his death Lord Northcliffe invited King George to dinner. The agreement was that he was to give the English ruler a feast such as he had never sat down to before.

The King came and the dinner was served. In its proper course one of Trigg County's famous hams was brought on the table. The King was delighted. Never had he tasted anything equal to it.

"My grandmother, Queen Victoria, used to buy her hams in America, but never have I tasted anything like this."

Do you want to know more about the story of the world-famous Trigg County Hams? Never enough to supply the demand. You are lucky if you can get one.

Read the Entire Interesting Story in the Louisville Post

Mr. Ralph Coghlan, a special writer for the Louisville Post, is visiting the 120 counties of Kentucky. You will want to know the story of your own county as well as the other counties of the State. This series will begin Monday, October 2, and continue daily thereafter. Lots of interesting and little known facts about Kentucky, its roads, schools, business enterprises, industries and other facts. The greatest feature story ever to appear in a Kentucky newspaper.

Do You Know that wonderful metal—Fluorspar—in its pure state can be kept only in gold or platinum containers? One of the most valuable metals in industry. The world comes to Kentucky for its fluorspar. What county? The Louisville Post article will tell you. It will appear in an early issue.

—How Paducah got its High School gymnasium? An example of public-spirited citizenship.

—That the United States Capitol came near being in Kentucky instead of at Washington?

—How an enterprising Kentucky county spent \$300,000 to get out of the mud?

President Tyler, as a coal miner in Kentucky, is another unusual story, the facts of which have been dug up by Mr. Coghlan. Every one of the 120 counties has its own interesting story.

News of the World

These are just some of the interesting features that this series will contain. But even aside from these, you will want to subscribe for the Louisville Post. It gives you all the telegraphic news and political news of the world. Its bond and market reports are complete, accurate and up to the minute.

TREASURY DEFICIT IS NOW 700 MILLION DOLLARS

About the only thing that is growing larger under the present Republican administration is the treasury deficit. Beginning as a mere matter of \$24,000,000 the deficit has risen rapidly to \$700,000,000, with the prospect for a further enlargement to ten figures very bright.

It hasn't been so long since Republicans promised that their accession to control of the government would automatically increase revenues, reduce debts and enhance prosperity. The record for August—the seventeenth month of the Harding administration's career—shows how badly the Republicans fooled the public.

There was an increase of \$65,000,000 in the public debt in August compared with the previous month. It was due in large part to the sale of treasury securities, borrowing money to meet current expenses so that an impression of "economy" could be given.

Along with the increase in the public debt there was a decline in receipts. The ordinary receipts last month were \$25,000,000 less than in August, 1921.

Public debt expenditures were \$215,000,000 greater in August than in August last year. Income tax receipts were \$23,000,000 less in August, 1922, than in the same month of 1921.

Miscellaneous internal revenue receipts for last month were \$12,000,000 less than in August, 1921.

XV. VARIO-COUPPLERS AND VARIOMETERS

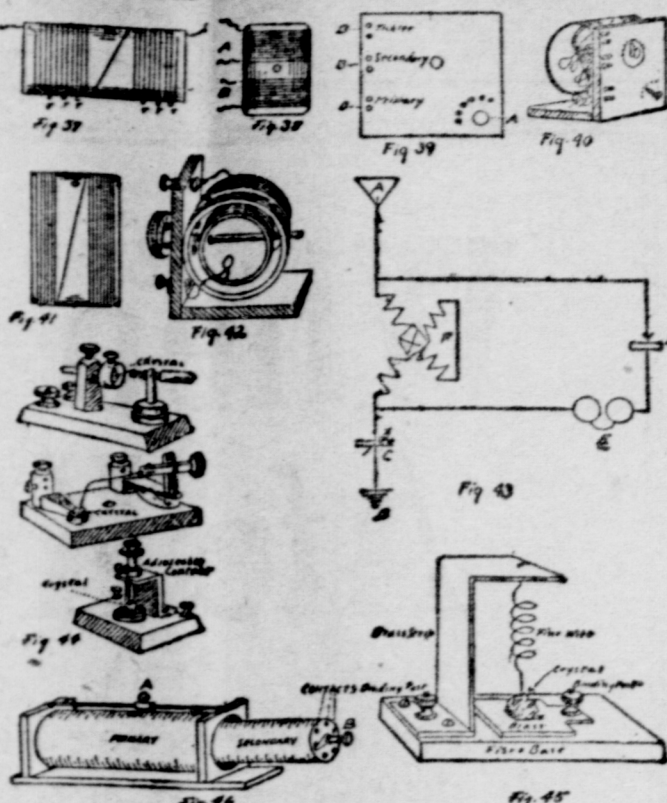

Vario-couplers may also be home made if desired, but they are seldom very efficient and as they are very low in price it is scarcely worth while to attempt their manufacture. These consist of two coils, one rotating within the other. If desired to make a vario-coupler you will require a cardboard tube or a fibre tube about four and one-half inches in diameter and five inches long. A rotor form that may be purchased for a dollar or so. A quantity of No. 26 and No. 28 B. & S. gauge, double cotton covered magnet wire and some No. 20 of the same type wire. You will also require a brass shaft or rod 1/4 inch diameter, a dial, knobs, switch, a panel of fibre or bakelite about 3-10 inch thick and 6 inches square and a wooden or fibre base 1/2 inch thick and 6 inches square, besides screws, odds and ends, etc. The cardboard tube and rotor form are preferably soaked in paraffine, but this is not essential. Begin winding the cardboard tube, starting 1/2 inch from one end through a small hole, as shown, and wind on 38 turns of the No. 26 wire, keeping the turns close together but not touching. Then, bring the wire across the tube as shown in Fig. 37, leaving a space of one inch bare and continue to wind on another 30 turns of wire. In winding, take off three taps from each section, one at every twelve turns, beginning at second turn from top and leaving two turns at bottom of winding as shown in Fig. 37. T. T. T. finally passing the end through a hole as shown. The whole should then be covered with paraffine, or it may be shellacked, although shellac will decrease its efficiency and paraffine will serve every purpose. In the center, at the bare space which has been left, a 1/4 inch hole should be bored as shown in the cut. The next step is to wind the rotor form, which is done by winding on twenty-five turns of No. 20 wire (starting through a fine hole as shown) which forms the "tickler" coil Fig. 38, A, and leaving the two ends of the wire about 6 inches long and running the last end through a hole to hold it. Then, at the other end of the rotor, wind on forty-two turns of No. 28 wire to form the secondary Fig. 38, B, and leaving free ends of wire about 6 inches long. Through the center of the rotor-form, a hole should be bored 1/4 inch in diameter as shown.

The next step is to mount the coupler, which is done as follows:

In the fibre panel, bore a 1/4 inch hole two inches from the top and 3/4 inches from one side, Fig. 39. In the lower corner, place a switch with six contact points A, and on the right hand side drill six 3-16 inch holes for binding posts B. Then make and place the shaft in the rotor, securing it by glue, sealing wax or by means of nuts, according to your mechanical ability, and attach the two parts to the panel, fitting a dial and knob to shaft and mounting the panel on the base. In connecting up, the primary, secondary and tickler wires are connected to the six binding posts and the six tap-offs on the primary

coil are connected to the switch contacts as shown in the cut, with one of the primary wires in the switch post. Then, when the coupler is to be set up, the aerial is connected to one of the primary posts, the ground to the other, the secondary posts are connected with the grid circuit and the tickler posts to the plate and receiver circuits, all of which is shown in the diagram Fig. 40.

A variometer may be made in a very similar manner, using two cardboard tubes, one about four inches in diameter and three inches long; the other three inches long and about three and three-quarters inches in diameter. The dimensions should be such that the small tube can turn freely, without touching, within the larger tube and the smaller the space between the two the better; but you must remember to allow for the thickness of the wire to be wound upon the inner tube. First, measure carefully the exact centers, so that when a shaft fastened to the inner tube or rotor is passed through the larger tube, the inner one will rotate freely and evenly without touching or increasing the space. The entire efficiency of the variometer depends very largely upon the accuracy with which this is done. Starting with a small hole about 1/4 inch from the outer edge of the smaller tube, wind on about twenty turns of No. 24 double-coated, cotton-insulated copper wire, being careful to keep the turns separated. Then skip a space of about an inch, as shown in Fig. 41, and wind on another twenty turns, finally running the wire through a hole, fastening both ends with a drop of glue or sealing wax and leaving five or six inches of free wire at each end. Starting the same way, wind the larger tube in exactly the same manner and being sure to wind in the same direction. When all are wound, mount the smaller tube on a shaft inside of the larger tube, fastening shaft by glue or sealing wax dropped on from inside, and mount as shown in Fig. 42. Finally, connect one end of the stator wire to one end of the rotor wire, leaving plenty of free wire to allow rotor to revolve, and lead the other two ends to binding posts, as shown, being sure to keep that to the rotor loose to allow free movement. The shaft to rotor should be equipped with knob and dial as shown in the cut and the whole mounted on a fibre or bakelite panel on a proper base.

REMINISCENCES

FIFTY YEARS AGO

"Our county fair is now in progress. The cattle ring Friday was larger than ever before. The continued drought in this section retarded the preparation of stock and everything and led to a great many to look for an entire failure."

"The Kentucky Court of Appeals has decided that the State cannot tax the interest on U. S. bonds."

"Rev. George E. Rogers, probably the oldest Methodist minister in the United States—having been in service sixty years—will preach at the Methodist church Sunday and Sunday night."

A young man by the name of Cox, from near Clinton, was killed in Moscow by the cars running over him.

Public speaking was advertised for Campbell's school house, Sassafras Ridge, in the interest of the proposed levee and railroad from Hickman to the highlands of Madrid Bend.

Rice & Bro. were advertising Greeley hats for sale.

J. H. Plant & Bro. were advertising cavalry jackets at \$1.50 each.

The Courier published the list of premiums awarded at the Fulton County Fair, held in Hickman.

The editor has been engaged this week reporting the proceedings of our county fair. Hence the scarcity of editorial matter."

TWENTY-FIVE YEARS AGO

"On Tuesday last a citizens' meeting organized a volunteer force, 100 strong, to assist in quarantining the town. The

city militia is under command of Mayor Dillon."

W. S. Ellison's new warehouse was about completed.

"Don't try to travel without a 'certificate of health.'"

"Light frosts about Hickman Tuesday and Wednesday mornings."

"The Kentucky tobacco crop suffered from frost this week."

"The drought continues in this section, seriously interfering with wheat sowing."

George L., the little 2-year-old daughter of Mr. and Mrs. Will Carpenter, died at their home in this city.

"A Baptist church was organized on Sassafras Ridge last week by Elder T. C. Mahan, with thirty members, and a new church house is to be built."

J. H. Treas and Miss Mal Bynum were married at the residence of the bride's father in this county.

Eliphalet Case and Mrs. Isabella Adams were married at the residence of C. H. Farham, by Elder Mahan.

The grand jury failed to find an indictment against Walter Allison for the killing of Dora Morris.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GIMMER'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

The principal use for radium in the commercial world is as a luminous material on watch and clock dials. It is not the radium that glows, but other substances which become luminous in the presence of very minute quantities of radium. Millions of watches and clocks have been thus treated, and hardly an ounce of radium has been used in the production of the luminous material required.

BITTEN BY SNAKE

On last Thursday while reaching down in some weeds on the Mengel property to untie the headlines of a barge, Wade Blackwell, of this city, was bitten on the right hand by a snake. The weeds being very thick, the snake got away and he just got a glimpse of it, not being able to tell what kind it was. Friends nearby corded his wrist to prevent spreading of the poison and hurried him to a doctor, where he was given immediate treatment, with no bad effects from the bite other than swelling of his hand. The two fangs of the reptile, however, went into the flesh and left their mark. He is an employee on the Steamer Seminole.

FARM AND HOME NEWS
FROM OVER KENTUCKY

More than 30 Marion county farmers have grown soybeans in their corn for the first time during this summer for the purpose of improving their soils and providing an economical combination feed for hogging off, County Agent H. J. Childress says.

Steady progress is being made in the campaign designed to eliminate tuberculosis from Crittenden county cattle herds, County Agent J. R. Spencer says. A total of 150 cows recently were tested in one week for the disease.

Sixty-three Union county farmers have enrolled in the "Better Sires—Better Stock" campaign being conducted over the state by the extension division of the College of Agriculture at Lexington, according to County Agent L. C. Brewer. They have agreed to use nothing but purebred sires in all their breeding work.

Fourteen carloads of limestone already have been ordered by McCracken county farmers to be used on demonstrations which will be started this fall, County Agent J. R. Bird says.

The value of limestone for soil improvement is arousing lively interest among farmers in almost every community of Larue county, County Agent J. W. Jones says. Work recently was started on a 500-ton contract which farmers in West Buffalo community have made.

Twenty tubercular cattle recently were found in 600 animals tested in Nelson county during a single month in connection with the drive being conducted to eradicate this disease from herds of the county, County Agent C. L. Hill says.

AT THE BEGINNING OF THE
TWENTIETH CENTURY

Nobody knew about radio.
Most young men had "livery bills."
Farmers came to town for their mail.
Many people read by the candle or kerosene light.

The heavens were not full of man-birds.

Nor the seas alive with under-water boats.

The hired girl drew \$1.50 a week and was happy.

Young men learned trades at \$4.00 a week.

The butcher "threw in" a chunk of liver.

The merchant "threw in" a pair of suspenders with every suit.

Nobody listened in on the telephone.

There were no electric meters.

Nobody observed a sane Fourth.

Straw stacks were burned instead of baled.

Publishing a newspaper was not a business—it was a dueling game.

There were no bolsheviks or "isms."

The safety razor had not introduced the clean shaven face.

"Equipped with gas" was a prominent line in flat-to-let advertisements.

Office folks didn't know about a fan in the summer time and ice water was a treat.

Many people retired at 9 p. m. and rose at 5 in the morning.

Times have changed.—Elizabethtown News.

FULTON'S NEW POSTMASTER.

R. B. Beadles, local Republican leader of Fulton, last week received instructions from Washington to take charge of the postoffice there as acting postmaster. The permanent appointment may not be made for several months, but it is stated that Mr. Beadles will certainly receive the permanent appointment. Mr. Beadles succeeds J. Ray Graham, who has had charge of the office there for the past eight years, having been appointed during President Wilson's term.

Horrid Thing!

"We had a splendid time in the country," said Mrs. Newrich, "and my husband has turned out to be a good shot. The men went out one day to do some shooting, and my husband got what they call a bull. And some mean old farmer made him pay for it."—Seattle Post-Intelligencer.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Such remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

Mr. and Mrs. T. T. Swayne and daughter, Miss Helen, and son Hugh, left last Thursday for Columbia, Tenn., driving through in their machine. Miss Helen will attend school at Columbia Institute this year, this school opening Tuesday of this week.

ORIGINAL

HOT BLAST HEATER

THE famous Hot Blast Draft in this remarkable stove burns all the combustible gases from the fuel—under-draft stoves waste this valuable portion of the fuel.

That is why Cole's Original Hot Blast Heaters are guaranteed to consume one-third less fuel than any under-draft stove of the same size.

Stop and think what this saving will mean to you with coal at its present price.

REMEMBER:

Cole's Original Hot Blast will—
Save one-third your fuel—
Burn any fuel—
Hold fire thirty-six hours!

THE CURSE OF WEALTH

Henry Ford says the only way to get rich is by making the people rich. "Wealth," he says, "wouldn't be such a curse if everybody helped to carry it."

And there you are! According to this estimate it is wealth that is cursing the land today, not poverty.

That's about right, too. Nobody in this country is really poor. The poorest wear silk hose and underwear and imitation ear rings and drive in Fords.

They think they are poor, but they are not. They appear so in comparing their possessions with those of the limousined, golf playing, yacht owning, lollypop millionaires, whose families do Europe in winter—and who are the most miserable people in the world.

Wealth isn't happiness, does not create happiness, and cannot keep it if it happens to fly through the doors one fine day.

Work is happiness. Work creates happiness, and work only can hold it once it comes in through your window.—Ex.

SAYS CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

BORDER COUNTY NOTES

LAKE COUNTY, TENN.

(Lake County Gazette)

Decidedly the most successful and helpful single accomplishments in years for the rural schools in Lake county was the all day rally, field day and picnic held at Reelfoot Lake last Friday. The various schools met, decorated in their colors and badges, prepared to yell their schools on to victory. But the spirit ran still higher when the young gladiators met face to face in tug o' war or side by side in foot races, and the literary contests, with their proud and anxious mothers and fathers nearest their respective offspring.

A beautiful wedding was solemnized at 10:30 o'clock on the morning of Sept. 2 at the Reformed Presbyterian church in Frederick, Md., when Miss Blanche Gittinger became the bride of Ernest A. Peacock of this city. The Rev. Keiffer performed the ceremony in the presence of a large assemblage of friends.

Miss Delle Daniels attended the teachers' meeting at Hickman last Saturday.

A wedding that came as a surprise to their many friends was that of Miss Dalley Mae Ferguson of this city to Kirkie Simms of Obion county, which was solemnized at the home of the bride last Sunday afternoon, Rev. F. A. Downs officiating in the presence of a few relatives and friends.

HICKMAN COUNTY, KY.

(Hickman County Gazette)

An innovation in school work has been established by Supt. W. S. Scholes. One Saturday in each month is set apart for an all day meeting and on that day all teachers in the county meet at the Clinton High School building to discuss their problems.

Mrs. Annie Lee Hodges filed suit Wednesday against her father-in-law, E. P. Hodges, for the sum of \$10,000 alleging that Mr. Hodges alienated the affections of her husband, Calvin Hodges. Mr. and Mrs. Calvin Hodges were married eighteen months ago and separated in June of this year, the wife charging that her husband had abandoned her on account of the influence of his father. The case will be up for hearing at the October term of circuit court.

With the usual preliminaries out of the way the Clinton public school will enter its third week Monday morning with every prospect of this being the most successful school year in the history of the town and the largest enrollment. There are 411 pupils in the school, 164 being enrolled in the high school.

MISSISSIPPI COUNTY, MO.

(Charleston Enterprise-Courier)

The Southeast Missouri Agricultural Bureau has gotten in touch by means of its exhibit in St. Louis with a colony of Canadians who are interested in Southeast Missouri. Leaders of this colony visited the St. Louis exhibit a few days ago and were very much interested. They then made a trip through Southeast Missouri and were highly pleased with what they saw. After returning to their community near Quebec, they held a meeting and voted to go to Southeast Missouri. News of this fact was received by the secretary of

the Southeast Missouri Agricultural Bureau along with a good many questions relative to the conditions of the district.

The residence of J. M. Lough at 710 East Commercial street was visited at some time Monday night by a prowler, but although the family silverware was found wrapped up under a stairway, the next morning, nothing of value was missing. It is supposed that the robber or robbers became frightened and left before finishing their job.

The death of Jas. A. Prenett took place at his home near Woodland Mills Thursday, September 7, 1922, at 3:50 p. m., after an illness with which he has suffered for many months, affecting his eyesight and the general physical condition. Mr. Prenett was born in Sumner county, Tenn., August 25, 1847. He came to West Tennessee in 1871 and was married in Obion county to Miss Sallie Wilson, October 28, 1875. There were ten children of the union, eight of whom are living as follows: Walter, Jas. C., Wilson, William, Mrs. Ollie Finley, Mrs. Ruby Rogers, Miss Dovie Prenett and Miss Allie Prenett. Mrs. Finley resides at Tiptonville and the brothers and sisters in Obion county. Mr. Frank Prenett, a brother of the deceased, is the last surviving member of that family. Mrs. Prenett, widow of deceased, the companion of nearly half a century survives with her children in the home in the vicinity of Woodland Mills.

Ernest Posey and Miss Aletha Pate of this city were united in marriage last Saturday evening at the Christian parsonage by Minister Baker in the presence of a few friends.

Anthony R. Broom, who is hiking from Cincinnati to New Orleans, stopped for a few hours in Union City last Friday to shake his feathers and get a fresh start toward the city where the American Legion will gather for the national convention. Mr. Broom has made a record of 350 miles in thirteen days.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

CATTLE AND HOGS IN BIG, NEW BARN

Memphis Live Stock Shows Will Be Better Than Ever.

Housed in splendid new buildings designed especially for the purpose, and with every conceivable convenience and arrangement, the great annual live stock show should be the greatest in the history of the Memphis Tri-State Fair, Sept. 23 to 30.

Two fine structures, one for cattle and the other for swine, will be spick and span and ship-shape for opening day. There will be plenty of room for far greater shows than ever have been held in the South, so that both exhibitors and visitors will have every possible advantage in the department.

The new buildings are important parcels of the \$500,000 building program now being wound up. They are of the same general appearance. Each is 200 feet wide by 400 feet long, huge buildings admirably lighted and ventilated and with all necessities such as running water, big show rings and so on.

For several years the Memphis live stock show has been one of the most important of any similar show in the Southern states. It is the big show room for the breeders and the mecca for Southern farmers interested in the highest types of farm stock. Keen competition is an established characteristic and winnings mean much in themselves, but the Fair this year is offering something like \$20,000 in cash premiums, so that it should bring together an assemblage of live stock that will easily eclipse any past event.

PLENTY OF REST PLACES.

Benches Galore. Will Be Provided At Fair Grounds.

"Oh, for a place to sit down and rest a while."

Ever hear that remark at a fair, a picnic or some other sort of a public gathering? It is a common one, true enough.

The Memphis Tri-State Fair will provide benches by the hundreds Sept. 23 to 30 and every shady nook and corner on the big exposition grounds will be utilized as a resting place. If it happens that a new pair of shoes is pinching a bit or maybe rubbing a tender spot, there'll be a bench handy where you can sit down and get relief.

Little things of this sort are going to make the Memphis fair popular indeed, in the belief of those who are trying to take care of such details.

POULTRY FANCIERS PLAN GREAT SHOW

Model Building Erected for Pure-Bred Fowls.

"The Greatest Poultry Show in the South."

Such might be the slogan of the poultry department of the Tri-State Fair this year. It is to be conducted from Sept. 23 to 30 by the Tri-State Poultry Association in co-operation with the officials of the Fair. General rules of the American Poultry Association will be followed, and judges will observe the new standards of perfection in their decisions.

Incidentally, the official Southern meet of the American Bantam Association will be held in connection with the poultry show—a big feature that will bring some of the finest of the miniature poultry aristocrats to the Memphis show.

On top of these things the shows this year will be in its new and permanent home, a special building designed especially to meet the needs and requirements of exhibiting poultry to advantage. The new pavilion has an area of about 30,000 square feet. The very latest steel coops, single deck, will be used. Light and ventilation are special features. The department can take care of a good many thousand birds this year without crowding or cramping, and there still will be room for the pet stock show.

Breeders are bringing their best stock to the Tri-State Fair from all parts of the United States. Almost every kind and variety of domestic fowl will be exhibited. It will be a show and a meeting place that will repay anyone's time.

FARM IMPLEMENT SHOW.

Memphis Dealers Will Have Elaborate Display At Fair

Farm implements and vehicles of every kind and description, from kitchen utensils, lighting plants, etc., to tremendous power machines, will make the implement show a mecca for farmers of this region during the Tri-State Fair, Sept. 23 to 30. Memphis implement and vehicle dealers, through their association, will make elaborate displays. Many big factories will have special exhibits.

Demonstrations will be going on hourly each day, showing uses and methods of operation of dozens of machines designed to speed up and make less burdensome and less expensive the work of the farm. To farmers in the Memphis territory it should be a show worth far more than the price of admission.

35 FORD TRACTORS TO WORK AT FAIR

Each One in Show Will Be Assigned Different Task.

Henry Ford, the "River king" of Detroit, Mich., is going to help make the Memphis Tri-State Fair a big success this year by having a big show and series of demonstrations in an especially arranged section of the Fair Grounds Sept. 23 to 30.

At least 35 Fordson tractors are to be used in putting on a daily show. More than 75 articles of equipment made by other manufacturers will be used to show the most efficient and economical methods to perform all kinds of work.

The "mechanical elephants" will be seen doing almost every conceivable sort of farm task, such as running a sawmill, plowing, harrowing, discing, furnishing power for grain separators, and all sorts of farm equipment. There will be Fordsons equipped with pumps, winches and a great variety of other equipment such as can be hitched to the "big brother of the river." All kinds of attachments will be demonstrated, each by men experienced in handling them.

The tractor itself will be thoroughly and completely diagnosed, with instructions and actual demonstrations of how to handle it to the greatest advantage. It will be a factory school covering every conceivable point about the farm tractor, and, in addition, it will be a practical demonstration of just what can be done with the Fordson, and how to get the best and most economical results.

Fordson shows of much similar character, but on perhaps a smaller scale than the one planned for Memphis, have been conducted in various parts of the country and have drawn tremendous crowds of farmers and industrial men. Linked up with the Tri-State Fair and its hundreds of other features, the Fordson demonstration Fair Week undoubtedly will be one of the great drawing cards.

FAIR WILL HAVE RADIO.

Radio, the newest wonder of the electrical world and of the world's sciences, will have its part in the Memphis Tri-State Fair throughout Fair Week, September 23-30. The Riechman-Crosby's Company's broadcasting station of Memphis will make an elaborate radio display and will be "hooked up" for concerts hourly, it has been definitely announced. Any visitor to the fair will have the privilege of "listening in."

NOTICE

Fulton County Court,
Special Term, Sept. 16, 1922.

In the Matter of Bond Issue

On the 12th day of June, 1922, came John Pyle and three hundred other citizens and legal voters who are freeholders of Fulton County, Kentucky, to make an order on the order book directing the officers of the election in all of the voting precincts of said county to open a poll on Tuesday, November 7, 1922, this being regular election day, to take the sense of the legal voters of said county upon the question: "Shall the Fiscal Court of Fulton County, Kentucky, issue bonds to the amount of \$100,000.00 for the purpose of funding that amount of indebtedness outstanding against said county, represented by warrants issued by the Fiscal Court of Fulton County?"

Wherefore, it is ordered by this court that the officers of the election in all the voting precincts of Fulton County, Kentucky, open a poll on Tuesday, November 7, 1922, which date is not earlier than sixty days after said application was lodged with the Judge of this Court to take the sense of the legal voters of said county upon the question, "Shall the Fiscal Court of Fulton County issue bonds to the amount of \$100,000.00 for the purpose of funding that amount of the indebtedness of Fulton County represented by outstanding warrants of Fulton County?"

It is further ordered that J. O. West, Sheriff of Fulton County, Kentucky, be directed to advertise said election and

the object thereof for at least thirty days next before the day of holding said election in some newspaper having the largest circulation in the county, or in two newspapers, if there be, one in each end of the county, and also printed by handbills posted up at not less than five public places in each voting precinct in said county, and also at the court house door.

It is further ordered that the County Court Clerk, O. C. Henry, be directed to have printed upon the official ballot the question: "Are you in favor of issuing not exceeding \$100,000.00 in bonds for the purpose of funding that amount of Fulton County's indebtedness as is now represented by outstanding warrants issued by the Fiscal Court of said county?" Said Clerk will leave two places upon the right of said question, one for votes favoring the issue, to be designated by the word "Yes," and votes opposing the issue to be designated by the word "No." Said ballot shall be printed as provided for in general election law, Section 1459. All legal voters of said county shall be privileged to vote at said election and same officers who hold regular election upon that date shall hold this election. Said election shall in all respects be held in accordance with the general election laws of the state. All money raised by the sale of bonds shall be used solely and alone for funding the indebtedness of Fulton County.

Ordered that court be adjourned.
Chas. D. Nugent, Judge.
J. O. West, Sheriff.
O. C. Henry, Clerk.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes thru the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—which vary widely but may include pain in back, headache, nervousness, hot, dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right the danger is overcome. Doan's Kidney Pills have proven an effective kidney medicine.

Geo. Graffelman, Hickman, says: "Doan's Kidney Pills are the only remedy I have found that will quickly relieve me of kidney weakness. I can highly recommend them to any one for trouble coming from bad kidneys. Doan's have been a household remedy in our home for many years. When my kidneys get out of order, I have backache and lameness across my hips. It hurts me to stoop or lift. When I get one of these attacks I take Doan's, and they never fail to cure me."
